# Tooele County Predation Management Plan -2020

---

Thank you for the contract allowing the Department of Agriculture and Food to match up to 50% of Expenditures for predation management in Tooele County.

This is our plan of work as the following:

Tooele County will participate in the Predator Damage Control Fund (PDCF) program at the rate of \$5,400 annually. These funds will be deposited in the PDCF account and will be allocated and used within Tooele County and will be administered by the USDA-APHIS Wildlife Services Program for aerial control. UDAF will then reimburse the county for 50% of the request, not to exceed the total annual contract portion of \$2,700.

United States  
Department of  
Agriculture

Animal and  
Plant Health  
Inspection  
Service

Wildlife Services

1860 W Alexander  
St. Salt Lake City,  
UT 84119

**To: Predator damage management participants**

**Subject: Deadline to receive matching funds for predator damage management**

Each year the Utah Department of Food and Agriculture (UDAF) and the Division of Wildlife Resources (DWR) fund a program in which producers can contribute funds toward a predator damage management program (PDCF) and have their funds matched through the Counties. The program is administered by Wildlife Services (WS) in cooperation with UDAF. In an effort to maximize the allotted funds and to provide the best possible service we can, we are asking that all funds from the Counties be sent in and received at our main office no later than January 31 of the current year. If we do not receive your funds and signed contract by this date, your potential matching funds will become available to other counties for use and your county may NOT be able to participate in the matching fund program. Please send the signed contract to Brian Tea at 350 North Redwood Road Salt Lake City, Utah 84114 OR scan and email to Brian at [btea@utah.gov](mailto:btea@utah.gov).

Each year there are funds "left on the table" that could be used to benefit livestock producers within the Counties. This is due to Counties signing the contracts for a specific amount of money, and then not fully funding or not providing the funds for them at all. Any unpaid contract funds will be available on a "first come, first serve" basis for other counties to use after the deadline of January 31, these funds will be available until exhausted. Any funds distributed after the deadline will be distributed by the percentage of initial funding allocations as decided by the Wool Grower's Presidency.

Also, you will be receiving a tracking form with the contract. This form will help us track which producer's put money towards the program and thus, we can make sure that we provide the amount of service they paid for. This form is required to be with the payment when submitted.

Thank you in advance for your cooperation, I think this will enable us to provide more services to you and will maximize the funds set aside for predator management.

If you have any questions, please feel free to contact me at the number listed below.
