

Tooele County Fire Department

DANIEL B. WALTON

Fire Chief

LLOYD EVANS JR.

Fire Marshal

TOOELE COUNTY CORPORATION
CONTRACT # 21-11-12

To: Tooele County Council

From: Daniel Walton

Date: 10/19/2021

Subject: Requesting Council Purchase Order Approval

For County Council Work Session 10/26/2021

Attached to this request letter are three quotes from state contract vendors for similar sized skid steers. To remain a compliant participant in the State Cooperative Wildfire System, Tooele County budgets for fire mitigation each year. For 2021, we have reserved a portion of the fire mitigation line item to purchase a skid steer. Fire mitigation work requires a lot of manual labor to modify the landscape by reducing high amounts of fuel loading and creating long lasting fuel breaks designed to stop or slow the spread of wildland fire. This piece of equipment will drastically increase our production rates and capabilities as we strive to reduce the risk of catastrophic wildfires throughout Tooele County.

The low bid was provided by Bonneville Equipment Company at \$67,587.18 for a Kubota SVL97. This machine is currently in stock and available. I recommend we select the low bid as this machine will adequately meet the needs of the county.

Thank you for your consideration on this matter.

Daniel B. Walton
