Tooele County
Tooele, Utah

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Tooele County, Utah as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Tooele County, as of December 31, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tooele County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of Management for the Financial Statements

Tooele County's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tooele County's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tooele County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tooele County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we have identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information as indicated in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise San Juan County's basic financial statements. The nonmajor fund budget schedules, combining and individual nonmajor fund financial statements, the schedule of receipts and disbursements – treasurer's collection account, the statement on current taxes levied, collected, and treasurer's relief and schedule of expenditures of federal awards, as required by *Title 2 U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The nonmajor fund budget schedules, combining and individual nonmajor fund financial statements, the schedule of receipts and disbursements – treasurer's collection account, the statement on current taxes levied, collected, and treasurer's relief and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, the statement on current taxes levied, collected, and treasurer's relief and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2022, on our consideration of Tooele County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Tooele County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tooele County's internal control over financial reporting and compliance.

June 29, 2022

Tooele County, Utah
Management Discussion & Analysis
December 31, 2021

This discussion of Tooele County's financial performance provides an overview of the County's financial activities for the year ending December 31, 2021. This report is in conjunction with the County's financial statements.

The purpose of the County is to provide general services to its residents, which include general government, public safety, public health, highways and public improvements, parks and recreation, and economic development. Additional services provided to residents in the unincorporated areas include road maintenance and fire control.

Financial Highlights

- The government-wide assets of Tooele County exceeded its liabilities as of the close of the most recent year by \$203,638,505 (*net position*). Typically a portion of this amount (*unrestricted net position*) may be used to meet the government's ongoing obligations to citizens and creditors. Unrestricted Net Position for Tooele County is \$60,751,221.
- The government's total government-wide net position increased by \$23,471,278.
- At the close of the current year, the Tooele County governmental funds reported combined ending fund balances of \$90,358,357, an increase of \$16,147,494 in comparison with the prior year. Approximately 27% of the ending fund balance, \$24,617,037 is available for spending at the government's discretion (*unassigned fund balance*).
- At the end of the current year, unassigned fund balance for the general fund was \$24,970,873 or 86% of total general fund expenditures.
- Tooele County's total long-term liabilities at the close of 2021 was \$29,692,538. This represents a 18.22% decrease over the prior year, which is attributable to reduction in outstanding principal from debt service payments, decrease in calculated liabilities for other post employment benefits based on independent determinations and decreases in pension related items, and an decrease in compensated absences.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Tooele County's basic financial statements. Tooele County's basic financial statements comprise three components: 1) government-wide financial statements; 2) fund financial statements; and, 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Tooele County, Utah
Management Discussion & Analysis - continued
December 31, 2021

Government-Wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of Tooele County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of Tooele County's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in *net position* may serve as a useful indicator of whether the financial position of Tooele County is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of Tooele County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges. The governmental activities of Tooele County include general government, public safety, public health, highways and public improvements, parks and recreation, and economic development. The business-type activities of Tooele County include the recreation complex, the solid waste operation, and the airport.

The government-wide financial statements include not only Tooele County itself (known as the primary government), but also a legally separate special service district for recreation, for which Tooele County is financially accountable. Financial information for this component unit is reported separately from the financial information presented for the primary government itself.

Refer to the table of contents for the location of the government-wide financial statements.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Tooele County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Tooele County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Tooele County, Utah
Management Discussion & Analysis - continued
December 31, 2021

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on balance of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Tooele County maintains fourteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the human services fund, the public health fund, the road maintenance fund, and the municipal services fund, which are considered to be major funds. Data from the other eight governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

Tooele County adopts an annual appropriated budget for all its governmental funds. Budgetary comparison statements have been provided for the general fund, major special revenue funds, and the capital project fund to demonstrate compliance with those budgets.

Refer to the table of contents for the location of the basic governmental fund financial statements.

Proprietary Funds

Tooele County maintains four types of proprietary funds--enterprise funds and two types of Internal Service funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. Tooele County uses enterprise funds to account for its recreation complex, landfill, and airport operations. *Internal Service* funds are presented as *governmental activities* in the government-wide financial statements and are used to account for the central stores and service equipment operations.

Tooele County, Utah
Management Discussion & Analysis - continued
December 31, 2021

Proprietary Funds - continued

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for Deseret Peak, Solid Waste, Airport, and Rentals, which are all considered to be major Proprietary funds of Tooele County.

Refer to the table of contents for the location of the basic proprietary fund financial statements.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the county government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support Tooele County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. However, the County reports only agency funds, for which the accounting does not present results of operations.

Refer to the table of contents for the location of the basic fiduciary fund financial statements.

Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes are part of the basic financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning Tooele County.

The combining statements referred to earlier in connection with non-major governmental funds and the enterprise fund is presented immediately following the required supplementary information.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Tooele County, assets exceeded liabilities by \$203,638,505 at the close of the most recent fiscal year.

Tooele County, Utah
Management Discussion & Analysis - continued
December 31, 2021

The largest portion of Tooele County's net position reflects its investment in capital assets (e.g. land, buildings and improvements, furniture, fixtures and equipment, and infrastructure), less any related debt used to acquire those assets that is still outstanding. Tooele County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Tooele County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

	Tooele County's Net Position					
	Governmental Activities		Business-type Activities		Total	
	2021	2020	2021	2020	2021	2020
<i>Assets</i>

Total net position	\$ 170,896,061	146,041,231	32,742,444	34,830,644	203,638,505	180,871,875

Prior year numbers have not been restated to reflect proper reporting of capital assets and long-term liabilities. See Note 5.

A portion of Tooele County's net position (9.48%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position in the amount of \$60,751,221 may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the year, Tooele County is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior year.

Tooele County, Utah
Management Discussion & Analysis - continued
December 31, 2021

Governmental Activities

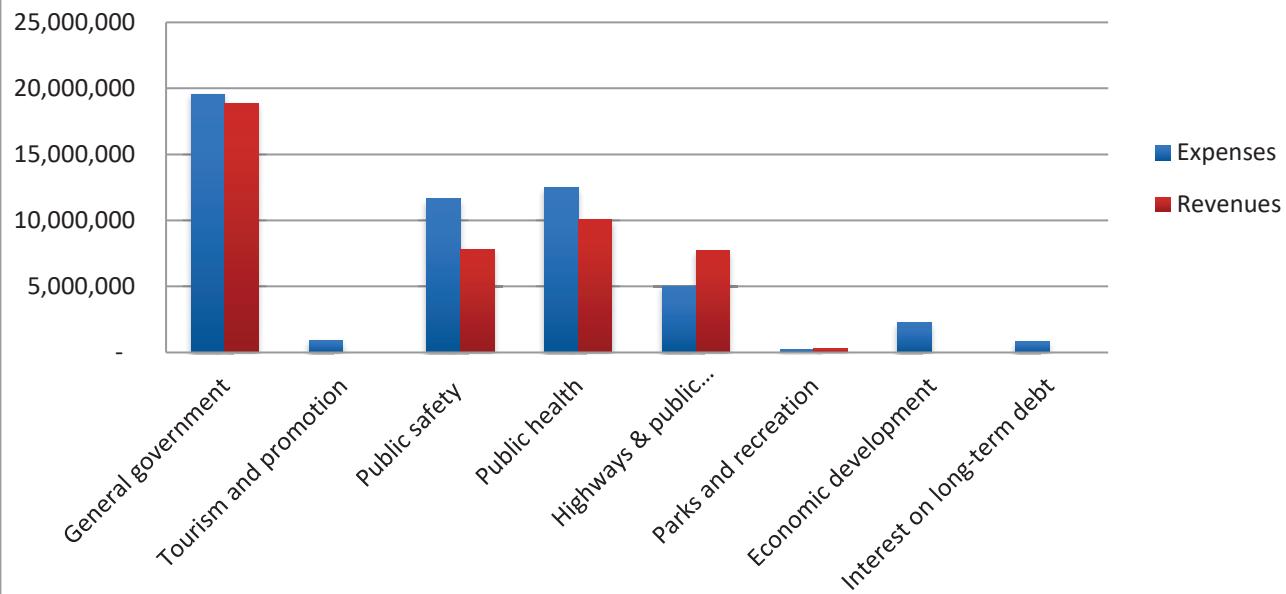

Governmental activities increased Tooele County's net position by \$25,213,650 and the Business-type activities decreased net position by \$1,742,372. The net increase in total net position was \$23,471,278. Key elements of this net increase are as follows:

• Franchise taxes	2,024
- Mitigations fees decreased by \$620,756.
- Rental income decreased by \$409.
- Miscellaneous revenues decreased by \$266,095.

Business-type Activities

Business-type activities net position decreased by \$1,924,034, a 5.52% decrease. Key elements of this increase are as follows:

- Solid Waste revenues totaled \$4,100,385, an increase of \$338,766. Solid Waste expenses totaled \$3,631,921, including depreciation of \$279,987 for an increase of \$244,186.
- Deseret Peak revenues totaled \$554,081, an increase of \$193,765. Deseret Peak expenses totaled \$1,914,975, including depreciation of \$654,944 for a increase of \$258,532.
- Airport revenues and grants totaled \$1,648,671, an increase of \$96,352. Airport expenses totaled \$2,801,736, including depreciation of \$1,380,857 for an decrease of \$904,669.
- Rental revenues and grants totaled \$83,954, an increase of \$2,821. Airport expenses totaled \$21,284, for an increase of \$2,594.

Financial Analysis of the Government's Funds

As noted earlier, Tooele County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Tooele County, Utah
Management Discussion & Analysis - continued
December 31, 2021

Governmental Funds

The focus of Tooele County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Tooele County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the year.

At the end of the year, Tooele County's governmental funds reported combined ending fund balances of \$90,358,357, an increase of \$16,147,494 in comparison with the prior year. Approximately 27% of this amount, \$46,095,478, constitutes unassigned fund balance, which is available for spending at the government's discretion. Other amounts are assigned or committed by each fund in the amount of \$19,645,842. The remainder of the fund balance is restricted and is limited as to where it may be spent:

Capital improvements	\$ 658,815
Transient/restaurant room	3,348,556
Corridor preservation	7,780,721
E911 Dispatch	698,189
Public Safety	135,317
Mass transit	6,985,516
Other	38,728
	<hr/> <u>\$ 19,645,842</u>

The general fund is the primary operating fund of Tooele County. At the end of the current year, the fund balance of the general fund was \$27,243,908, of which \$24,970,873 was unassigned. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. The unassigned fund balance represents 86.21% of total general fund expenditures.

Proprietary Funds

Tooele County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the enterprise funds at the end of the year amounted to \$4,369,516. Other factors concerning the finances of these funds have already been addressed in the discussion of Tooele County's business-type activities.

Tooele County, Utah

General Fund Budgetary Highlights

Actual revenues of \$40,401,059 were more than final budgeted revenues by \$2,796,725 or 6.92%. Intergovernmental revenues, charges for services, mitigation fees, and rental income were above management's projections.

The final adopted budget for General Fund expenditures was \$35,321,296 in 2021, which is \$1,630,289 more than the 2021 original adopted budget.

Expenditures in 2021 were \$28,965,038, or approximately 18.00% less than the final adopted budget of \$35,321,296, not including transfers.

Capital Asset and Debt Administration

Capital Assets

Tooele County's investment in capital assets for its governmental activities, as of December 31, 2021, was \$95,925,440 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, furniture, fixtures, and equipment, and infrastructure, which includes roads, highways, and bridges. The total decrease in Tooele County's investment in capital assets for the current year was \$137,859, net of depreciation.

Major capital asset events during the current year included the following:

- The Airport Fund added \$506,324 for improvements.
- The Solid Waste Fund added \$899,347 in vehicles and equipment.
- Governmental activities added \$1,381,086 in vehicles and equipment, and \$30,909 in buildings and improvements. The Governmental activities also reported \$1,430,611 in construction in process related to road improvements.

Also, the County has elected to use the modified approach to account for its infrastructure assets, such as roads and bridges. That information can be found in the required supplementary information following the notes to the financial statements.

Economic Factors and Next Year's Budgets and Rates

The County's elected and appointed officials considered many factors when setting the fiscal year 2022's budget, tax rates, and fees that will be charged for the governmental and business type activities. The County will see a budget increase for 2022 with the major causes being a need to upgrade and improve the County's roads and other capital improvements.

Requests for Information

This financial report is designed to provide a general overview of Tooele County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report, or requests for additional financial information such as reports for component units, should be addressed to the Tooele County Auditor, 47 South Main Street, Tooele, Utah, 84074.

The notes to the financial statements are an integral part of this statement.

Tooele County, Utah
Statement of Changes Reconciliation to Statement of Activities
For the Year Ended December 31, 2021

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds \$ 16,147,494

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

305,031

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position.

(442,890)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

6,390,420

The issuance of long-term debt (i.e. bonds and leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.

913,202

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

2,394,566

Internal Service Funds are used by management to charge for central stores to individual funds. The net expense of the Internal Service Funds is reported within Governmental Activities.

(34,804)

Internal service funds are used by management to charge the costs of fleet management to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities.

(459,372)

Change in net position of governmental activities \$ 25,213,647

The notes to the financial statements are an integral part of this statement.

NOTES TO FINANCIAL STATEMENTS

Tooele County, Utah
Notes to Financial Statements
For the Year Ended December 31, 2021

Note 1 - Summary of Significant Accounting Policies

Reporting entity

Tooele County (State of Utah) (the County) was organized on January 31, 1850, under a commission form of government. The County has a total land area of 6,930 square miles and a population of approximately 61,046 residents. The County's major operations include public safety (police and fire), highways and roads, health and social services, culture-recreation, education, public improvements, planning and zoning, and general administrative services. The County's fiscal authority includes responsibility for final approval over budgeting appropriations, for funding deficits and operating deficiencies, disposal of surplus funds, control over the collection and disbursement of funds, and maintenance of title to assets. The financial statements include the various departments, agencies, and other organizational units governed by the County Commission.

Blended component units are, in substance, part of the primary government's operations even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements (see note below for description) to emphasize that it is legally separate from the government.

Blended component units - The following entities are blended in the accompanying general purpose financial statements:

Redevelopment Agency
Municipal Building Authority

Blending means that component unit balances and transactions are combined with balances and transactions of the primary government. Although legally separate from the County, the above component units are blended because they are governed by a board comprised of the County Commission. The County retains fiscal responsibility for these entities. These entities are reported as special revenue funds.

Discretely presented component units - The financial statements include a component unit: Tooele County Recreation Special Service District. The component unit included in this report was selected using positive criteria as defined by the Governmental Accounting Standards Board. The component unit was included due to the County's ability to significantly influence operations, fiscal accountability, and the scope of public service.

Complete financial statements for the component units may be obtained at the entities' administrative offices.

Note 1 - Summary of Significant Accounting Policies - Continued

This summary of significant accounting policies of Tooele County is presented to assist in understanding the County's financial statements. The financial statements and notes are representations of County officials who are responsible for their integrity and objectivity. The accounting policies of Tooele County conform to accounting principles generally accepted in the United States of America as applicable to governments and have been consistently applied in the preparation of the financial statements.

Description of government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

Basis of presentation - government-wide financial statements

While separate government-wide and fund statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from government-wide financial statements.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. In the Statement of Activities, internal service fund transactions have been eliminated; however, interfund services provided and used have not been eliminated.

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 1 - Summary of Significant Accounting Policies - Continued

Basis of presentation - fund financial statements

The fund financial statements provide information about the government's funds, including its fiduciary funds and blended component units. Separate statements for each fund category - governmental, proprietary, and fiduciary - are presented. The emphasis of fund financial statement is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The County reports the following major governmental funds:

The *general fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *human services fund* is a special revenue fund used to account for grant revenues and expenditures related to services provided for the general welfare of the County's citizens.

The *public health fund* is a special revenue fund used to account for revenues and expenditures related to services provided through the County's health department.

The *road maintenance fund* is a special revenue fund used to account for intergovernmental revenues and expenditures related to the maintenance of roads within the County.

The *municipal services fund* is a special revenue fund used to account for municipal revenues and expenditures related to various departments within the County, including roads and public safety.

The *capital projects* - This fund is used to account for the acquisition and development of various capital projects within the County.

The County reports the following major proprietary funds:

The *solid waste fund* accounts for revenue and expenditures related to the collection of waste and landfill operations within the County.

The *Deseret Peak fund* accounts for revenue and expenditures related to the recreation facility.

The *airport fund* accounts for revenue and expenditures related to the Wendover Airport.

The *rental fund* accounts for revenue and expenditures related to the rental activities throughout the County.

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 1 - Summary of Significant Accounting Policies - Continued

Additionally, the government reports the following fund types:

Internal service funds account for service equipment and central stores provided to other departments or agencies of the government, or to other governments, on a cost reimbursement basis.

Fiduciary funds include the Criminal Justice Agency Fund, the Treasurer's Tax Fund Agency Fund, and the Special Deposits Agency Fund, which are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurements of results of operations.

During the course of operations, the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 1 - Summary of Significant Accounting Policies - Continued

Measurement focus and basis of accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisition under capital leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). All other revenue items are considered to be measurable and available only when cash is received by the government.

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 1 - Summary of Significant Accounting Policies - Continued

Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance

1. Deposits and investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the County to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements, and the State Treasurer's Investment Pool.

Investments for the County, as well as for its component units, are reported at fair value. The State Treasurer's Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Certain resources of the County's governmental funds are set aside for the following: debt, class B roads, capital improvements, transient room, restaurant tax, arts and recreation, tax stability, health services, and payment of landfill closure costs as required by applicable federal and state regulations.

2. Inventories and prepaid items

Inventories of the Internal Service Funds (Central Stores Fund) and of the Special Revenue Funds (Aging and Adult Services Fund) are stated at cost on the first-in, first-out basis. Certain payments to vendors reflect costs applicable to future accounting periods and are included as prepaid items in both the government-wide and fund financial statements.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 1 - Summary of Significant Accounting Policies - Continued

3. Receivables and payables

All trade, property, sales, and franchise tax receivables are shown net of an allowance for uncollectible accounts. Trade accounts receivable in excess of 180 days comprise the trade accounts receivable allowance for uncollectible accounts.

Sales taxes are collected by the State Tax Commission and remitted to the County monthly.

Property taxes are collected by the County Treasurer and remitted to the County shortly after collection. Property taxes are levied based on property values as of January 1 of each year, with liens posted as of the same date. Taxes are due and payable on November 1 and delinquent after 5 pm on November 30 of each year.

4. Capital assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable government or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year, and for proprietary funds with initial cost of more than \$200. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Land and construction in progress are not depreciated. The other property, plant, equipment, and infrastructure of the primary government are depreciated using the straight line method over the following estimated useful lives:

Assets	Years
Buildings	40
Improvements other than buildings	10-20
Machinery and equipment	7
Automobiles and trucks	3-7
Office furniture and equipment	3-5

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 1 - Summary of Significant Accounting Policies - Continued

5. Deferred outflows/inflows of resources

In addition to assets, financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

6. Long-term obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems Pension Plan (URS) and additions to/ deductions from URS's fiduciary net position have been determined on the same basis as they are reported by URS. For this purpose, benefits payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 1 - Summary of Significant Accounting Policies - Continued

7. Net position flow assumption

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

8. Fund balance flow assumptions

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

9. Fund balance policies

Government-wide financial statements

Equity is classified in the government-wide financial statements as net position and is displayed in three components:

Net investment in capital assets - Capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balance of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position - net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or 2) law through constitutional provisions or enabling legislation.

Unrestricted net position - All other net position that do not meet the definition of "restricted" or "net investment in capital assets."

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 1 - Summary of Significant Accounting Policies - Continued

Fund financial statements

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balance is further classified as Nonspendable, Restricted, Committed, Assigned, or Unassigned. Descriptions of each follow:

Nonspendable fund balance - Amounts that cannot be spent because they are either (a) not in spendable form, or (b) legally or contractually required to be maintained intact.

Restricted fund balance - Amounts restricted by enabling legislation. Also reported if, (a) externally imposed by creditors, grantors, contributors, or laws, regulations, or other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance - Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority, the County Commission. The commitment can only be removed through the same action.

Assigned fund balance - Amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The County Commission has, by resolution, authorized the Auditors' Office to assign fund balance. The commission may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Assigned fund balance also includes all remaining amounts that are report in governmental funds, other than the general fund that are not classified as nonspendable, restricted nor committed, or in the General Fund, that are intended to be used for specific purposes.

Unassigned fund balance - Residual classification of the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to a specific purpose within the General Fund.

Revenues and expenditures/expenses

1. Program revenues

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 1 - Summary of Significant Accounting Policies - Continued

2. Property taxes

Property taxes attach as an enforceable lien on real property on January 1st of each year. Taxes are levied on property owners in July and are payable by November 30th. The County bills and collects property taxes for all taxing entities within the County through the Tax Collection Agency Fund. Collections are periodically distributed to the taxing entities with final settlement due March 31st of the subsequent year. The County records a receivable and deferred revenue for delinquent taxes, but no allowance for doubtful accounts is made as uncollected taxes are deemed to be substantially collectible or recoverable through foreclosure.

3. Compensated absences

The government's policy permits employees to accumulate earned but unused vacation and sick benefits, which are eligible for payment upon separation from government service. The liability for such leave is reported as incurred in the government-wide and proprietary fund financial statements. A liability for those amounts is recorded in the governmental funds only if the liability has matured as a result of employee resignations or retirements. The County's policy allows for a maximum of 320 hours to be carried over into the next year that includes vacation and converted sick leave. Sick leave can accumulate a maximum of 320 hours if certain conditions are met. The County pays all unused vacation days upon separation up to the maximum of 320 hours. An employee separating from county service will not be compensated for unused sick leave upon separation.

4. Proprietary funds operating and nonoperating revenues and expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the transit fund and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

For the Year Ended December 31, 2021

Note 2 - Reconciliation of Government-wide and Fund Financial Statements

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position.

The governmental fund balance sheet includes a reconciliation between total governmental fund balances and net position of governmental activities as reported in the government-wide statement of net position. This difference primarily results from the long-term economic focus of the statement of net position versus the current financial resources focus of the governmental fund balance sheets.

Capital related items:

When capital assets (property, plant, and equipment) that are to be used in governmental activities are purchased or constructed, the cost of those assets are reported as expenditures in governmental funds. However, the statement of net position includes those capital assets among the assets of the County as a whole.

Cost of capital assets	\$ 131,218,174
Accumulated depreciation	(35,292,734)
Total difference	<u><u>\$ 95,925,440</u></u>

Unavailable revenue:

Long-term assets applicable to the County's governmental activities are not available to pay for current expenditures and thus are deferred in governmental funds. The statement of net position includes these as revenue.

Property taxes receivable	\$ 2,515,958
Long-term receivable	6,000,000
State funding	200,000
ARPA funding	<u><u>6,515,986</u></u>
	<u><u>\$ 15,231,944</u></u>

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 2 - Reconciliation of Government-wide and Fund Financial Statements - Continued

Long-term debt transactions:

Long-term liabilities applicable to the County's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities in the fund financials. All liabilities (both current and long-term) are reported in the statement of net position. Balances at December 31, 2021, were:

Bonds payable	\$ (21,449,000)
Capital lease payable	(66,264)
Premium on issuance	(1,421,018)
Interest payable	(74,923)
Compensated absences	(1,344,221)
Deferred inflow pensions	(4,731,777)
Deferred outflow pension	3,797,769
Net pension liability	(1,686,144)
Deferred inflow OPEB	(1,384,451)
Deferred outflow OPEB	389,887
Total OPEB obligation	<u>(2,649,537)</u>
Total difference	<u>\$ (30,619,679)</u>

B. Explanation of differences between governmental fund operating statements and the statement of activities.

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances - total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. The first element of this reconciliation states that capital outlays are reported in the governmental funds as expenditures while the government-wide statement of activities allocates these costs over the useful lives of the assets as depreciation. While shown in the reconciliation as the net difference, the elements of this difference are as follows:

Capital outlay	\$ 2,811,697
Depreciation expense	<u>(2,506,666)</u>
Net difference as reported	<u>\$ 305,031</u>

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 2 - Reconciliation of Government-wide and Fund Financial Statements - Continued

In the statement of activities, only the gain on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of capital assets sold.

Loss on disposal of assets	\$ <u>(442,890)</u>
Net difference reported	<u>\$ (442,890)</u>

Another element of the reconciliation states that "the issuance of long-term debt (i.e., bonds and leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position." The details of this difference are as follows:

Principal repayments	\$ 910,044
Accrued interest	3,158
Net difference as reported	<u>\$ 913,202</u>

Another element of the reconciliation states that "Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds." The details of this difference are as follows:

Delinquent property taxes	\$ 916,977
ARPA/state funding	5,473,443
	<u>\$ 6,390,420</u>

Another element of the reconciliation states that "Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds." The details of this difference are as follows:

Amortization of bond premium	\$ 67,668
Amortization of negative net pension obligation	1,680,462
Total OPEB obligation	231,210
Compensated absences	415,226
Net difference reported	<u>\$ 2,394,566</u>

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 2 - Reconciliation of Government-wide and Fund Financial Statements - Continued

Another element of the reconciliation states that "Internal service funds are used by management to charge the costs of service equipment and central stores to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities." The details of this are as follows:

	Service Equipment	Central Stores
Changes in net position	\$ (459,372)	(34,804)
Net difference reported	<u>\$ (459,372)</u>	<u>(34,804)</u>

Note 3 - Stewardship, Compliance, and Accountability

Budgetary information

Budgets are prepared and adopted, in accordance with State law, by the Tooele County Commission. Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. Budgets must be adopted on or before December 31st for the following fiscal year, beginning January 1. Budgets may be increased by resolution of the Tooele County Commission at any time during the year. A public hearing must be held regarding any proposed increase in a fund's appropriations. Budgets are adopted at departmental levels. Budget amendments are required when excess expenditures occur at the departmental level for the General Fund and at the fund level for all other funds. Appropriations lapse at December 31.

Utah State law states that expenditures being made in excess of those budgeted, is an illegally created debt in violation of the Utah Constitution. As such, the total illegally created deficit should be budgeted to be made up in the following fiscal year. Deficits arising from emergencies are not illegal and may be retired over 5 years.

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 3 - Stewardship, Compliance, and Accountability - continued

Utah State law allows for any unassigned fund balance in excess of 5% of the total revenues of the General Fund to be utilized for budget purposes. The law also allows for the accumulation of a fund balance in the General Fund in an amount equal to 65% of the total estimated revenue of the General Fund. In the event that the fund balance, at the end of the fiscal year, is in excess of that allowed, the County has one year to determine an appropriate use and then the excess must be included as an available resource in the General Fund budget. For the year ending December 31, 2021, the County is not over 65% of the total limit of revenue in the General Fund.

Concentration of credit risk

The County received about 6% of its governmental fund revenue from mitigation fees amounting to \$4,140,873.

Note 4 - Detailed Notes on all Funds

Cash & cash equivalents and investments

Cash and cash equivalents are generally considered short-term, highly liquid investments with a maturity of three months or less from the purchase date.

Investments are recorded at fair value in accordance with GASB Statement No. 72, Fair Value Measurement and Application. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

Deposits and investments

Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the local government's deposits may not be returned to it. The local government's policy for managing custodial credit risk is to adhere to the Money Management Act. As of December 31, 2021, \$3,958,776 of the local government's bank balances of \$4,208,776 were uninsured and uncollateralized.

Investments

The State of Utah Money Management Council has the responsibility to advise the State Treasurer about investment policies, promote measures and rules that will assist in strengthening the banking and credit structure of the state, and review the rules adopted under the authority of the State of Utah Money Management Act that relate to the deposit and investment of public funds.

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 4 - Detailed Notes on all Funds - Continued

Tooele County follows the requirements of the Utah Money Management Act (*Utah Code*, Title 51, Chapter 7) in handling its depository and investment transactions. The Act requires the depositing of Tooele County funds in a qualified depository. The Act defines a qualified depository as any financial institution whose deposits are insured by an agency of the Federal Government and which has been certified by the State Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

The Money Management Act defines the types of securities authorized as appropriate investments for Tooele County's funds and the conditions for making investment transactions. Investment transactions may be conducted only through qualified depositories, certified dealers, certified investment advisors, or directly with issuers of the investment securities.

Statutes authorize Tooele County to invest in negotiable or nonnegotiable deposits of qualified depositories and permitted negotiable depositories; repurchase and reverse repurchase agreements; commercial paper that is classified as "first tier" by two nationally recognized statistical rating organizations; bankers' acceptances; obligations of the United States Treasury including bills, notes, and bonds; obligations, other than mortgage derivative products, issued by U.S. government sponsored enterprises (U.S. Agencies) such as the Federal Home Loan Bank System, Federal Home Loan Mortgage Corporation (Freddie Mac), and Federal National Mortgage Association (Fannie Mae); bonds, notes, and other evidence of indebtedness of political subdivisions of the State; fixed rate corporate obligations and variable rate securities rated "A" or higher, or the equivalent of "A" or higher, by two nationally recognized statistical rating organizations; shares or certificates in a money market mutual fund as defined in the Money Management Act; and the Utah State Public Treasurers' Investment Fund.

The Utah State Treasurer's Office operates the Public Treasurers' Investment Fund (PTIF). The PTIF is available for investment of funds administered by any Utah public treasurer and is not registered with the SEC as an investment company. The PTIF is authorized and regulated by the Money Management Act (*Utah Code*, Title 51, Chapter 7). The Act established the Money Management Council which oversees the activities of the State Treasurer and the PTIF and details the types of authorized investments. Deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah, and participants share proportionally in any realized gains or losses on investments.

The PTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses of the PTIF, net of administration fees, are allocated based upon the participant's average daily balance. The fair value of the PTIF investment pool is approximately equal to the value of the pool shares.

Note 4 - Detailed Notes on all Funds - Continued

Fair Value of Investments - Tooele County measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

Level 1: Valuations based on quoted prices in active markets for identical assets or liabilities that the County has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail any significant degree of judgment. Securities classified as Level 1 inputs include U.S. Government securities and certain other U.S. Agency and sovereign government obligations.;

Level 2: Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly. Securities classified as Level 2 include: corporate and municipal bonds, and “brokered” or securitized certificates of deposit; and,

Level 3: Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Investments by fair value level	Fair Value Measurements Using		
	Level 1	Level 2	Level 3
Debt Securities			
Corporate Bonds	\$ -	2,237,274	-
Agency	1,097,343	-	-
Money Market Mutual Funds	1,010,463	-	-
Utah Public Treasurers'			
Investment Fund	-	104,939,912	-
Total investments measured at fair value	\$ 2,107,806	107,177,186	-

Debt and equity securities classified in Level 1 are valued using prices quoted in active markets for those securities.

For securities that generally have market prices from multiple sources, it can be difficult to select the best individual price, and the best source one day may not be the best source on the following day. The solution is to report a “consensus price” or a weighted average price for each security.

Tooele County receives market prices for these securities from a variety of industry standard data providers (e.g., Bloomberg), security master files from large financial institutions, and other third-party sources. Through the help of an investment advisor, Tooele County uses these multiple prices as inputs into a distribution-curve based algorithm to determine the daily market value.

- U.S. Treasuries, U.S. Agencies: quoted prices for identical securities in markets that are active;

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 4 - Detailed Notes on all Funds - Continued

Debt securities classified in Level 2 are valued using the following approaches:

- U.S. Treasuries, U.S. Agencies, and Commercial Paper: quoted prices for identical securities in markets that are not active;
- Money Market, Bond, and Equity Mutual Funds: published fair value per share (unit) for each fund;
- Utah Public Treasurers' Investment Fund: application of the December 31, 2021 fair value factor, as calculated by the Utah State Treasurer, to the Entity's average daily balance in the Fund.
- Donated real estate: recent appraisals of the real estate's value.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County's policy for managing its exposure to fair value loss arising from increasing interest rates is to comply with the State's Money Management Act. Section 51-7-11 of the Money Management Act requires that the remaining term to maturity of investments may not exceed the period of availability of the funds to be invested. The Act further limits the remaining term to maturity on all investments in commercial paper, bankers' acceptances, fixed rate negotiable deposits, and fixed rate corporate obligations to 270 days - 15 months or less. The Act further limits the remaining term to maturity on all investments in obligations of the United States Treasury; obligations issued by U.S. government sponsored enterprises; and bonds, notes, and other evidence of indebtedness of political subdivisions of the State to 5 years. In addition, variable rate negotiable deposits and variable rate securities may not have a remaining term to final maturity exceeding 3 years.

As of December 31, 2021, the County's investments had the following maturities:

Investment Type	Investment Maturities (in years)		
	Fair Value	Less than 1	1-5
Corporate Bonds	\$ 2,237,274	1,161,747	1,075,527
Agency	1,097,343	211,343	886,000
Money Market Mutual Funds	1,010,463	1,010,463	-
Utah Public Treasurers' Investment Fund	104,939,912	104,939,912	-
Total	\$ 109,284,992	107,323,465	1,961,527

Credit risk - Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Tooele County's policy for reducing its exposure to credit risk is to comply with the State's Money Management Act, as previously discussed.

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 4 - Detailed Notes on all Funds - Continued

At December 31, 2021, Tooele County's investments had the following quality ratings:

Investment Type	Quality Ratings			
	AAA	AA	A	Unrated
Corporate Bonds	\$ 100,045	100,394	2,036,835	-
Agency	-	-	1,097,343	-
Money Market Mutual Funds	-	-	-	1,010,463
Utah Public Treasurers' Investment Fund	-	-	-	104,939,912
Total	\$ 100,045	100,394	3,134,178	105,950,375

Custodial Credit Risk - Investments - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, Tooele County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Tooele County does have a formal policy for custodial credit risk. All investments other than bank deposits or funds invested in the state treasurers fund are to be held by a third party with securities delivered on a delivery vs. purchase basis. As of December 31, 2021, Tooele County safe kept all investments with custodian counterparty Wells Fargo Bank, NA and all investments which was/were held by the counterparty's trust department or agent are registered in Tooele County's name.

Receivables

Receivables as of year end for the government's general and enterprise funds are as follows:

	Governmental	Business-type	Total
Accounts, net	\$ 3,581,532	749,833	4,331,365
B & C road	629,326	-	629,326

Lease commitments

Operating leases contain various renewal options, as well as some purchase options. However, due to the nature of the leases, they do not qualify as capital leases and the related assets and liabilities are not recorded. Any escalation clauses, sublease rentals, and contingent rents were considered immaterial to the future minimum lease payments and current rental expenditures. Operating lease payments are recorded as expenditures or expenses when paid or incurred.

Years ending December 31	Future Minimum Lease Commitments - Operating Leases	
	Governmental	Business-type
2022	\$ 66,264	-
Total	\$ 66,264	-

Leases, that in substance are purchases, are reported as capital lease obligations. In the government-wide financial statements and proprietary fund financial statements, assets and liabilities resulting from capital leases are recorded at the inception of the lease at either the lower of fair value or the present value of the future minimum lease payments. The principal portion of lease payments reduces the liability, and the interest portion is expensed. On the governmental fund financial statements, both the principal and interest portions of capital lease payments are recorded as expenditures of the applicable governmental function.

Long-term debt (continued)

Bond Advance Refunding

On November 20, 2012, the County issued \$2,974,000 in sales tax revenue refunding bonds with an interest rate of 2.147%. The County issued the bonds to advance refund \$2,837,000 of the outstanding sales tax revenue bonds with interest rates ranging between 1.55% and 5%. As a result, that portion of the sales tax revenue bonds is considered defeased, and the County has removed the liability from its accounts. There is no outstanding principal balance for the defeased bonds. The advance refunding reduced total debt service payments over the term of the debt by \$246,456. This results in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$117,625.

The County issued on December 20, 2017 \$21,525,000 Lease Revenue Crossover Refunding Bonds to refund \$23,655,000 of the 2010A MBA Lease Revenue Bonds. While the 2017 Crossover Refund Bond proceeds have been placed escrow, they are still considered outstanding and the County remains responsible for continuing to pay debt service on both the 2017 Crossover Refunding Bonds and the 2010A MBA Lease Revenue Bonds until the crossover date of December 15, 2020, at which time the refunded 2010A issues is considered defeased. The advance refunding will reduce total debt service payments over the term of the debt by \$3,398,134. This results in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$2,170,106.

The County's outstanding revenue bonds of \$22,153,622 and direct borrowings of \$66,264 are secured with their respective revenues and/or property and equipment as collateral.

Note 5 - Other Information

General Information about the Pension Plan

Plan Description: Eligible plan participants are provided with pensions through the Utah Retirement Systems. The Utah Retirement Systems are comprised of the following pension trust funds:

- Public Employees Noncontributory Retirement System (Noncontributory System); is a multiple employer, cost sharing, public employee retirement system.
- The Public Safety Retirement System (Public Safety System) is a cost-sharing, multiple-employer public employee retirement system;
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Public Employees System); is a multiple employer, cost sharing, public employee retirement systems;
- Tier 2 Public Safety and Firefighter Contributory Retirement System (Tier 2 Public Safety and Firefighters System); is a multiple employer, cost sharing, public employee retirement systems;

The Tier 2 Public Employees System became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with any of the Utah Retirement Systems, are members of the Tier 2 Retirement System.

The Utah Retirement Systems (Systems) are established and governed by the respective sections of Title 49 of the Utah Code Annotated 1953, as amended. The Systems' defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act in Title 49 provides for the administration of the Systems under the direction of the Utah State Retirement Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pension (and other employee benefit) trust funds. URS is a component unit of the State of Utah. Title 49 of the Utah Code grants the authority to establish and amend the benefit terms. URS issues a publicly available financial report that can be obtained by writing Utah Retirement Systems, 560 E. 200 S, Salt Lake City, Utah 84102 or visiting the website: www.urs.org/general/publications.

Summary of Benefits by System

Benefits Provided: URS provides retirement, disability, and death benefits.

Retirement benefits are as follows:

System	Final Average Salary	Years of Service required and/or age eligible for benefit	Benefit percent per year of service	COLA**
Non-contributory	Highest 3 years	30 years any age		
		25 years any age*		
		20 years any age 60*		
		10 years age 62*	2.0% per year all years	Up to 4%
Public Safety	Highest 3 years	4 years age 65		
		20 years any age	2.5% per year up to 20 years; 2.0%	
		10 years age 60	per year over 20 years	Up to 2.5% to 4%
		4 years age 65		depending on the employer
Tier 2 Public Employees	Highest 5 years	35 years any age		
		20 years age 60*		
		10 years age 62*	1.5% per year all years	
		4 years age 65		Up to 2.5%
Tier 2 Public Safety and Firefighter	Highest 5 years		1.5% per year to June 30, 2020	
		25 years any age	2.00% per year	
		20 years age 60*	July 1, 2020 to present	
		10 years age 62*		Up to 2.5%

* with actuarial reductions

** All post-retirement cost-of-living adjustments are non-compounding and are based on the original benefit except for Judges, which is a compounding benefit. The cost-of-living adjustments are also limited to the actual Consumer Price Index (CPI) increase for the year, although unused CPI increases not met may be carried forward to subsequent years.

Contribution Rate Summary

As a condition of participation in the Systems, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the Utah State Retirement Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable) is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability. Contribution rates as of December 31, 2021 are as follows:

	Employee	Employer	Employer 401(k)
Contributory System			
11 - Local Governmental Division Tier 1	6.000%	14.460%	N/A
111 - Local Governmental Division Tier 2	N/A	16.070%	0.620%
Noncontributory System			
15 - Local Governmental Division Tier 1	N/A	18.470%	N/A
Public Safety Retirement System			
Contributory			
122 - Tier 2 DB Hybrid Public Safety	2.270%	25.830%	N/A
Noncontributory			
43 - Other Division A with 2.5% COLA	N/A	34.040%	N/A
Tier 2 DC Only			
211 - Local Government	N/A	6.690%	10.000%
222 - Public Safety	N/A	11.830%	14.000%

***Tier 2 rates include a statutory required contribution to finance the unfunded actuarial accrued liability of the Tier 1 plans.

For the fiscal year ended December 31, 2021, the employer and employee contributions to the Systems were as follows:

<u>System</u>	Employer Contributions	Employee Contributions
Noncontributory System	\$ 1,157,012	N/A
Public Safety System	659,091	-
Tier 2 Public Employees System	780,634	-
Tier 2 Public Safety and Firefighter System	376,684	33,123
Tier 2 DC Only System	81,357	N/A
Tier 2 DC Public Safety and Firefighter System	26,199	N/A
Total Contributions	<u>\$ 3,080,977</u>	<u>33,123</u>

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 5 - Other Information - continued

Contributions reported are the URS Board approved required contributions by System. Contributions in the Tier 2 Systems are used to finance the unfunded liabilities in the Tier 1 Systems.

Combined Pension Assets, Liabilities, Expenses, and Deferred Outflows and Inflows of Resources Related to Pensions

At December 31, 2021, we reported a net pension asset of \$0 and a net pension liability of \$1,833,439.

(Measurement Date): December 31, 2020			
	Net Pension Asset	Net Pension Liability	Proportionate Share
Noncontributory System	\$ -	429,101	0.8365469%
Contributory System	-	-	0.0000000%
Public Safety System	-	1,321,288	1.5914508%
Tier 2 Public Employees System	-	36,978	0.2570980%
Tier 2 Public Safety and Firefighters System	-	46,072	0.5136592%
Total Net Pension Asset / Liability	-	1,833,439	

	Share December 31, 2019	Change (Decrease)
Noncontributory System	0.827255900%	0.009291%
Contributory System	0.128421000%	-0.128421%
Public Safety System	1.634037700%	-0.042587%
Tier 2 Public Employees System	0.267068900%	-0.009971%
Tier 2 Public Safety and Firefighters System	0.513068400%	0.000591%

The net pension asset and liability was measured as of December 31, 2020, and the total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2020 and rolled-forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability is equal to the ratio of the employer's actual contributions to the Systems during the plan year over the total of all employer contributions to the System during the plan year.

For the year ended December 31, 2021 we recognized pension expense of \$1,262,773.

At December 31, 2021, we reported deferred outflows and deferred inflows of resources relating to pensions from the following:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 23,823	15
Changes in assumptions	10,707	4,936
Net difference between projected and actual earnings on	-	29,444
Changes in proportion and differences between contributions and proportionate share of contributions	9,907	2,536
Contributions subsequent to the measurement date	402,883	-
Total	\$ 447,320	36,931

\$402,883 reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2020.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31,	Deferred Outflows (inflows) of Resources	
2021	\$	(5,630)
2022	\$	(3,800)
2023	\$	(7,366)
2024	\$	(2,689)
2025	\$	2,490
Thereafter	\$	24,503

Tooele County, Utah

For the Year Ended December 31, 2021

Note 5 - Other Information - continued

Actuarial assumptions: The total pension liability in the December 31, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary Increases	3.25 - 9.75%, average, including inflation
Investment rate of return	6.95%, net of pension plan investment expense, including inflation

Mortality rates were adopted from an actuarial experience study dated January 1, 2020. The retired mortality tables are developed using URS retiree experience and are based upon gender, occupation, and age as appropriate with projected improvement using 80% of the ultimate rates from the MP-2019 improvement assumption using base year of 2020. The mortality assumption for active members is the PUB-2010 Employees Mortality Table for public employees, teachers, and public safety members.

The actuarial assumptions used in the January 1, 2020, valuation were based on the results of an actuarial experience study for the five year period ending December 31, 2019.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class and applied consistently to each defined benefit pension plan. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Expected Return Arithmetic Basis		
	Allocation	Arithmetic	of Return
Equity Securities	37.00%	6.30%	2.33%
Debt Securities	20.00%	0.00%	0.00%
Real Assets	15.00%	6.19%	0.93%
Private equity	12.00%	9.50%	1.14%
Absolute Return	16.00%	2.75%	0.44%
Cash and cash equivaler	0.00%	0.00%	0.00%
Totals	100.00%		4.84%
Inflation			2.50%
Expected arithmetic nominal return			7.34%

The 6.95% assumed investment rate of return is comprised of an inflation rate of 2.50%, and a real return of 4.45% that is net of investment expense.

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 5 - Other Information - continued

Discount Rate: The discount rate used to measure the total pension liability was 6.95 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates that are actuarially determined and certified by the URS Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate does not use the Municipal Bond Index Rate. The discount rate remained unchanged at 6.95 percent.

Sensitivity of the proportionate share of the net pension asset and liability to changes in the discount rate: The following presents the proportionate share of the net pension liability calculated using the discount rate of 6.95 percent, as well as what the proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.95 percent) or 1-percentage-point higher (7.95 percent) than the current rate:

System	1% Decrease (5.95%)	Discount Rate (6.95%)	1% Increase (7.95%)
Noncontributory System	\$ 7,439,333	429,101	(5,414,982)
Public Safety System	5,578,280	1,321,288	(2,135,381)
Tier 2 Public Employees System	622,227	36,978	(410,722)
Tier 2 Public Safety and Firefighter	217,216	46,072	(90,426)
Total	\$ 13,857,056	1,833,439	(8,051,511)

***Pension plan fiduciary net position: Detailed information about the pension plan's fiduciary net position is available in the separately issued URS financial report.

Defined Contribution Savings Plans

The Defined Contribution Savings Plans are administered by the Utah Retirement Systems Board and are generally supplemental plans to the basic retirement benefits of the Retirement Systems, but may also be used as a primary retirement plan. These plans are voluntary tax-advantaged retirement savings programs authorized under sections 401(k), 457(b) and 408 of the Internal Revenue code. Detailed information regarding plan provisions is available in the separately issued URS financial report.

Other Post-employment Benefits

For employees who retired prior to July 1, 2013

The County will allow retirees a premium credit to continue enrollment in the insurance program, at one year for every five years of full-time employment with the County as of July 1, 2013.

Employees who retire prior to January 1, 2010 will receive a premium credit to continue enrollment in the insurance program for the retirees and their dependents. Employees retiring on/ after January 1, 2010 and prior to July 1, 2013 will receive paid up service premium credit for the retirees only.

Retirees and their dependents who retired prior to July 1, 2013 and have exhausted their years of service premium credit may continue enrollment under the group policy until they are Medicare eligible by paying 50% of the full cost of the coverage elected. Upon reaching Medicare eligible age, retirees and their dependents who have previously been covered under the group policy are eligible to participate in the County's Medicare Supplement coverage by paying 50% of the total premium for the supplemental coverage if they have used all of their premium credits.

For employees retiring on/ after July 1, 2013

Employees who retired on or after July 1, 2013 are eligible for a premium credit waiver benefit upon retirement if they had ten years of service with the County as of July 1, 2013 and qualify for service retirement under URS. The premium credit waiver will be equal to \$2,500 per credit, defined as follows:

- Two credits will be awarded for the first ten years of service with the County prior to July 1, 2013.
- One fifth of a credit will be awarded for every full year in excess of ten years before July 1, 2013.
- Service beyond July 1, 2013 will not accrue toward the premium credit waiver.

Employees will be paid the entire premium waiver credit benefit upon retirement.

For employees retiring on / after August 31, 2015

Retirees are allowed to participate in the insurance program for a maximum of five years or until Medicare eligible, and the County will allow a premium credit at one year for every five years of full-time employment with the County as of July 1, 2013. Each premium credit can be used toward single coverage. Dependents may be enrolled in the plan but must pay 100% of the cost. Retirees and their dependents who have exhausted their years of service premium credit may continue enrollment under the group policy by paying 100% of the full cost of coverage elected. If retirees decide to continue participate in the group insurance program, they must forfeit to convert the premium credit to cash, which is \$2,500 per credit.

Dental

Retirees are eligible for a 50% dental subsidy until the earlier of five years and Medicare eligibility.

Actuarial Assumptions

Measurement Date: For fiscal year ending December 31, 2021, a December 31, 2021 measurement date was used.

Actuarial Valuation Date: December 31, 2021 with no adjustments to get to the December 31, 2021 measurement date. Liabilities as of January 1, 2021 are based on an actuarial valuation date of January 1, 2020 projected to January 1, 2021 on a "no loss / no gain" basis.

Discount Rate: 2.25% as of December 31, 2021 and 2.12% as of January 1, 2021 for accounting disclosure purposes. Refer to the Discussion of Discount Rates section for more information on selection of the discount rate.

Payroll Growth: Varies by group. Rates are from the URS valuation for the year ending January 1, 2021. The URS tables include a 3.25% salary inflation rate (2.50% general inflation and 0.75% real wage growth) in addition to the service-based merit table shown below.

Service	Public Safety	General
0	4.00%	5.50%
5	2.50%	2.00%
10	1.75%	1.00%
15	1.00%	0.75%
20	0.75%	0.25%
25+	0.00%	0.00%

Inflation Rate: 2.5% per year

Tooele County, Utah

For the Year Ended December 31, 2021

Note 5 - Other Information - Continued

Cost Method: Allocation of actuarial Present Value of Future Benefits for services prior and after the Measurement Date was determined using Entry Age Normal Level % of Salary method where:

- Service Cost for each individual participant, payable from date of employment to date of retirement, insufficient to pay for the participant's benefit at retirement, and
- Annual Service Cost is a constant percentage of the participant's salary that is assumed to increase according to the Payroll Growth.

Pre 65:		Post 65:

2024	6.50%	2024	6.00%
2025	6.00%	2025	5.75%
2026	5.50%	2026	5.50%
2027	5.00%	2027	5.25%
2028+	4.50%	2028	5.00%
		2029	4.75%
		2030+	4.50%

Retiree Contributions: Retiree contributions (before any premium credits) are assumed to increase according to health care trend rates.

The County currently pays for postemployment benefits on a "pay-as-you-go" basis. Although the County is studying the establishment of a trust that would be used to cumulate and invest assets necessary to pay for the accumulated liability, these financial statements assume that "pay-as-you-go" funding will continue.

Tooele County, Utah
Notes to Financial Statements-Continued

Note 5 - Other Information - Continued

Other Post-employment Benefits - Continued

The County's annual other postemployment benefit (OPEB) costs (expense) is calculated based on the employer's annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 75. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years. For the year December 31, 2021, the County's annual OPEB cost (expense) is \$(67,335). The following table shows the components of the County's net annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's total OPEB obligation.

Deferred outflows/ (inflows) of resources

Deferred outflows/ (inflows) of resources represents the following items that have not been recognized in

- Differences between expected and actual experience of the OPEB plan
- Changes of assumptions
- Differences between projected and actual earnings in OPEB plan investments (for funded plans only)

The initial amortization period for the first two items noted above is based on the average future service to retirement while the difference between the projected and actual earnings in OPEB plan investment is amortized over five years. All balances are amortized linearly on a principal only basis and new bases will be created annually for each of the items above.

	<u><u>$\\$(1,039,477)$</u></u>

Sensitivity Results

The following presents the total OPEB liability as of December 31, 2021, calculated using the discount rate assumed and what it would be using at 1% higher and 1% lower discount rate.

- The current discount rate is 2.25%.
- The 1% decrease in discount rate would be 1.25%.
- The 1% increase in discount rate would be 3.25%.

As of December 31, 2021

decrease	\$ 3,006,148
Discount	\$ 2,769,186
1% increase	\$ 2,559,968

The following presents the Net OPEB liability as of December 31, 2021, using the health care trend rates assumed and what it would be using 1% higher and 1% lower health care trend rates.

- The current health care trend rate starts at an initial rate of 7.50%, decreasing to an ultimate rate of 4.50%.
- The 1% decrease in health care trend rates would assume an initial rate of 6.50%, decreasing to an ultimate rate of 3.50%.
- The 1% increase in health care trend rates would assume an initial rate of 8.50%, increasing to an ultimate rate of 5.50%.

As of December 31, 2021

decrease	\$ 2,552,224
Discount	\$ 2,769,186
1% increase	\$ 3,022,404

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 5 - Other Information - Continued

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of an occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of fund progress, shown as required supplementary information following the notes to the financial statements, present the results of OPEB valuations as of December 31, 2021 and looking forward, the schedule provides multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs among the plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Risk management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. The County is a member of the Utah Local Governments Trust (ULGT), a public entity risk pool currently operating as a common risk management and insurance program for Utah State Governments. The County pays an annual premium to U LGT for its general insurance coverage. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years, except as noted in the special item below.

Landfill closure and post closure care costs

State and federal laws and regulations require the County to place a final cover on its landfill sites when it stops accepting waste and to perform certain maintenance and monitoring functions at the sites for thirty years after closure. Although closure and post closure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and post closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date.

Tooele County, Utah
Notes to Financial Statements-Continued
For the Year Ended December 31, 2021

Note 5 - Other Information - Continued

Landfill closure and post closure care costs - continued

Tooele County owns and maintains three landfill sites located in the Tooele, Utah area. State and federal laws and regulations require the County to place a final cover on its Ibapah, Bauer, and Wendover landfill sites when they stop accepting construction waste and perform certain maintenance and monitoring action at the sites for thirty years after closure. Although closure and post closure care costs will be paid only near or after the date the landfills stop accepting waste, the County reported a liability at December 31, 2021 of \$818,279, which represents the cumulative amount reported to date based on the use percent of the estimated capacity of the landfills. The County will recognize the remaining estimated cost of closure and post closure care of the \$145,513 as the remaining estimated capacity is filled. The amounts are based on what it would cost to perform all post closure care in 2041. The County expects to close the landfills in 2041. Actual cost may be higher due to inflation, changes in technology, or changes in regulations. At December 31, 2021 the County has \$460,685 of investments which are held for these purposes. These are reported as restricted assets on the solid waste proprietary fund statement of net position.

Commitments and Contingencies

The County is a defendant in various lawsuits. For certain of these cases, where it is probable that a claim will be paid, the County has determined that such claims would be covered under the County's insurance policy. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County Attorney's Office, the resolution of these matters will not have a materially adverse effect on the financial condition of the County.

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

Interlocal Agreement

In 2020 the County entered into an interlocal agreement with Grantsville City Redevelopment Agency to fund infrastructure construction for the Lakeview Business Park Community Reinvestment Project Area. This advance of \$6,000,000 will be repaid through tax increment attributable to the County's levy on taxable property within the project area starting in 2021 with interest.

Prior period adjustments

General Fund

Beginning balance	\$ 36,376,906
Impact fee adjustment	587,500
Beginning balance, as restated	<u><u>\$ 36,964,406</u></u>

Capital Projects

Beginning balance	\$ 10,811,505
Impact fee adjustment	725,920
Beginning balance, as restated	<u><u>\$ 11,537,425</u></u>

Municipal Services

Beginning balance	\$ 7,103,950
Impact fee adjustment	(1,313,420)
Beginning balance, as restated	<u><u>\$ 5,790,530</u></u>

Human Services

Beginning balance	\$ 737,984
Provider adjustment	(358,820)
Beginning balance, as restated	<u><u>\$ 379,164</u></u>

Solid Waste Fund

Beginning balance	\$ 4,607,821
Provider adjustment	(345,828)
Beginning balance, as restated	<u><u>\$ 4,261,993</u></u>

During the reconciliation of impact fees it was discovered that the County had previously reported the collection and use of impact fees inconsistently between funds. The County has adjusted the funds to better match the source of funding and the use of funding for appropriate projects as a result of the reconciliation.

The County discovered that the Human Services Fund had not reported activity related to 2020 for additional amounts due to a mental health service provided in the amount of \$358,820. The net impact is a decrease in fund balance.

The County is working to more accurately report the necessary closure costs through seeking studies performed by an experienced consultant. Over the last 5 years the County has estimated costs to close the various landfill locations based on standardized rates of use and standard costs. The consultant evaluated the locations at the end of 2021 and determined that over the last 5 years the County has underreported the obligation. As a result, the County has corrected the liability in 2021 and decreased net assets by \$345,828 to reflect the appropriate accumulation of the obligation.

Tooele County, Utah

Subsequent events

Management has evaluated events and transactions which occurred through the date of the audit report, which is the date the financial statements were available to be issued, and determined that there have been no events that have occurred that would require adjustments to disclosures or the financial statements.

Rounding convention

A rounding convention to the nearest whole dollar has been applied throughout this report, therefore the precision displayed in any monetary amount is plus or minus \$1. These financial statements are computer generated and the rounding convention is applied to each amount displayed in a column, whether detail items or not. As a result, without the overhead cost of manually balancing each column, the sum of displayed amounts in a column may not equal the total displayed, or within the schedules presented in the footnotes to the financial statements. The maximum difference between any displayed number or total and its actual value will not be more than \$1.

REQUIRED SUPPLEMENTARY INFORMATION
(UNAUDITED)

Tooele County, Utah
Schedule of Condition and Ratings for the County's Road System
For the Year Ended December 31, 2021

As allowed by GASB Statement 34, Tooele County has adopted the modified approach for reporting, where infrastructure assets are not depreciated and maintenance and preservation costs are expensed. The County capitalizes costs related to new construction or major replacements under the modified approach.

Tooele County's entire Asphalt Pavement road network is 379.32 centerline miles of road, or approximately 6.3 million square yards. The purpose of this report is to document how Tooele County has met all the requirements of the modified approach including:

1. Keeping a current inventory of assets,
2. Completing a condition assessment at least once every three years based on an industry standard or measurement scale, and
3. Estimating the annual amount required to maintain and preserve the asset at or above an established level of service.

Tooele County has a program in place to track and manage the Asphalt Pavement road network. This information is updated on a regular basis. The inventory information maintained by the County includes road names, to and from roads, length, width, functional class, and importance.

The road department performs a condition assessment of the entire road network every 3 years. Asphalt pavement distresses are identified and the condition of the road is recorded. The pavement distress identification process is based on the Distress Identification Manual for Long-Term Pavement Performance Projects (SHRP Distress Manual) published by the Strategic Highway Research Program (SHRP), which is the research arm of the Federal Highway Administration.

According to the SHRP Distress Manual, "The Distress Identification Manual for Long-Term Pavement Performance Projects was developed to provide a consistent, uniform basis for collecting distress data for the Long-Term Pavement Performance (LTPP) Program." The manual defines each type of pavement distress including specific distress severity levels. Using this information, Tooele County can determine the condition of each road and give each road a Remaining Service Life (RSL) value.

The years of service that exist in a road without accounting for potential treatments is referred to as remaining service life (RSL). Remaining service life is the value that can be used to express how many years this road will last if there are no treatments applied.

Tooele County, Utah
Schedule of Condition and Ratings for the County's Road System - continued
For the Year Ended December 31, 2021

Using the condition information, the County categorizes its roads into Excellent, Good, Fair, and Poor condition. Excellent roads have low severity distresses, require little or no maintenance, and have an RSL of 17-20. Good roads have medium severity distresses, can be preserved for an extended period of time with a surface treatment, and have an RSL of 9-16. Fair roads require rehabilitation such as thick overlay and have an RSL of 5-8. Poor roads require reconstruction and have an RSL of 0-4. The distribution of Tooele County's paved roads is listed below.

<u>Category</u>	<u>RSL</u>	<u>Description</u>
Excellent	17 to 20	New or nearly new pavement which provides a very smooth ride and is mainly free of distress and requires no maintenance.
Good	9 to 16	Pavement that provides an adequate ride and exhibits few, if any, visible signs of distress. Minor maintenance may be needed.
Fair	5 to 8	Surface defects such as cracking, rutting, and raveling affect the ride of the user. Major maintenance is likely needed.
Poor	0 to 4	Roadways have deteriorated to such extent that they need resurfacing, and the ride is noticeably rough. Structural improvements and major maintenance are likely needed.

The service level that will be maintained by the County is an average RSL of 8 or above with less than 30% in the Poor condition category.

There are 832 miles of gravel roads and 237 miles of dirt roads in Tooele County. These roads are maintained so that a passenger car can travel these roads under dry conditions.

Established Condition Level

As stated above, it is the County's policy to maintain an average RSL of 8 or above for all roads with less than 30% in the Poor condition category.

Tooele County, Utah
Schedule of Condition and Ratings for the County's Road System - continued
For the Year Ended December 31, 2021

Assessed Conditions

The following table reports that Average assessment level of all road pavement by category as assessed in 2020, 2017, 2014, and 2011.

<u>Category</u>	<u>2020</u>	<u>2017</u>	<u>2014</u>	<u>2011</u>
Excellent	6.8%	16.2%	5.4%	not available
Good	18.3%	20.3%	23.5%	not available
Fair	42.7%	34.4%	38.7%	12.5%
Poor	32.3%	29.0%	32.5%	28.3%

The following table represents the County's estimated amounts needed to maintain and preserve its road network at or above the established condition levels, as well as the actual amounts expended on road maintenance and preservation for each of the past five reporting periods (in thousands).

<u>Year</u>	<u>Estimated Expenditures</u>	<u>Actual Expenditures</u>
2021	\$ 5,797	\$ 4,478
2020	3,790	3,347

Amounts presented were determined as of calendar year January 1 - December 31. Employers will be required to prospectively develop this table in future years to show 10-years of information. Contributions as a percentage of covered-employee payroll may be different than the Board certified rate due to rounding or other administrative issues.

*Contribution in Tier 2 include an amortization rate to help fund the unfunded liabilities in the Tier 1 systems. Tier 2 systems were created effective July 1, 2011.

Paragraph 81.b of GASB 68 requires employers to disclose a 10-year history of contributions in RSI. Contribution as a percentage of covered-payroll may be different than the board certified rate due to rounding and other administrative issues.

Tooele County, Utah
Notes to Required Supplementary Information
For the Year Ended December 31, 2021

Changes in Assumptions:

There were a number of demographic assumptions (e.g. rates of termination, disability, retirement, as well as an updated mortality and salary increase assumption) updated for use in the January 1, 2020 actuarial valuation. These assumption updates were adopted by the Utah State Retirement Board as a result of an Actuarial Experience Study performed for the Utah Retirement Systems. In aggregate, those assumption changes resulted in a \$201 million increase in the Total Pension Liability, which is about 0.50% of the total Pension Liability of as December 31, 2019 for all systems combined. The Actuarial Experience Study report as of December 31, 2019 provides detailed information regarding those assumption changes, which may be accessed online at newsroom.urs.org under the "Retirement Office" column using the "Reports and Stats" tab.

Tooele County, Utah
Nonmajor Governmental Funds
For the Year Ended December 31, 2021

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts and major capital projects) that are legally restricted to expenditures for specified purposes. Tooele County has the following nonmajor special revenue funds:

Aging and Adult Services - This fund is used to account for state funding and charges for services related to the activities assisting the aging citizens of the County.

Transient room tax - This fund is used to account for transient room tax revenue and expenditures related to the promotion of tourism in the County.

Transportation - This fund is used to account for revenue and expenditures related to transportation in the County.

Redevelopment Agency - This fund is used to account for redevelopment agency transactions conducted by the County, including property acquisition, site improvements, preparation costs, installation of public improvements, and administration costs.

Municipal Building Authority - This fund is used to account for the lease revenue and payment of principal and interest on bonds used to finance construction in the County.

ARPA Funding - This fund is used to account for revenue and expenditures related to ARPA funds received.

Debt Service Funds

Debt service funds account for the resources accumulated and payments made for principal and interest on long-term debt of governmental funds. Tooele County has the following nonmajor debt service fund:

Debt Service - This fund is used to account for principal and interest on bonds used to finance construction in the County.

OTHER REPORTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Tooele County Council
Tooele County
Tooele, Utah

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Tooele County, Utah (the County), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 29, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED
BY THE UNIFORM GUIDANCE**

To the Tooele County Council
Tooele County
Tooele, Utah

Report on Compliance for Each Major Federal Program

Opinion on Compliance for Each Major Federal Program

We have audited Tooele County, Utah's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2021. Tooele County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Tooele County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended December 31, 2021.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards general accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Governments Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U. S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Tooele County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Tooele County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Tooele County's major federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Tooele County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Tooele County's compliance with the requirements of each major federal program.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Tooele County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Tooele County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Tooele County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies in material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Tooele County, Utah
Notes to Schedule of Expenditures of Federal Awards
For the Year Ended December 31, 2021

Note A - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Tooele County, Utah under programs of the federal government for the year ended December 31, 2021. The information in this Schedule is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Tooele County, Utah, it is not intended to and does not present the net position, or statement of activities of Tooele County, Utah.

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Tooele County, Utah has elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
AND ON INTERNAL CONTROL OVER COMPLIANCE AS
REQUIRED BY THE *STATE COMPLIANCE AUDIT GUIDE***

To the Tooele County Commission
Tooele County
Tooele, Utah

Report on Compliance

We have audited Tooele County (the County) compliance with the following applicable state compliance requirements described in the *State Compliance Audit Guide*, issued by the Office of the State Auditor, for the year ended December 31, 2021.

Budgetary Compliance	Fund Balance
Justice Courts	Restricted Taxes and Related Restricted Revenue
Open and Public Meetings Act	Utah Retirement Systems
Cash Management	Fraud Risk Assessment
Public Treasurer's Bond	Tax Levy Revenue
Enterprise Fund Transfers	Governmental Fees

Management's Responsibility

Management is responsible for compliance with the state requirements referred to above.

Auditor's Responsibility

Our responsibility is to express an opinion on the County's compliance based on our audit of the state compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *State Compliance Audit Guide*. Those standards and the *State Compliance Audit Guide* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the state compliance requirements referred to above that could have a direct and material effect on a state compliance requirement occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each state compliance requirement referred to above. However, our audit does not provide a legal determination of the County's compliance with those requirements.

Opinion on Compliance

In our opinion, the county complied, in all material respects, with the state compliance requirements referred to above for the year ended December 31, 2021.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the State Compliance Audit Guide and which are described in the accompanying schedule of findings and recommendations as item SC 2021.1. Our opinion on compliance is not modified with respect to these matters.

The County's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings. The County's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the state compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the state compliance requirements referred to above to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance with those state compliance requirements and to test and report on internal control over compliance with the State Compliance Audit Guide, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or to detect and correct noncompliance with a state compliance requirement on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a state compliance requirement will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a state compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control and compliance and the results of that testing based on the requirements of the State Compliance Audit Guide. Accordingly, this report is not suitable for any other purpose.

State Compliance Findings

Current year findings:**SC 2021.1: Deposit and Investment Report****Criteria:**

Utah Code 51-7-15(3) “A public treasurer shall file a written report with the council on or before January 31, and July 31 of each year. The report shall contain the information about the deposits and investments of that public treasurer during the preceding six months ending December 31, and June 30.”

Condition: Two accounts were missing in the deposit and investment report that was submitted to the state.

Cause: Oversight by management and staff.

Effect: The County is not in compliance with Utah State Code.

Recommendation: We recommend that management review that all deposits and investments are included before submitting the report to the state.

Management response: Management is aware of the deposit and investment report finding and has corrected the finding prior to the issuance of this report.

Status of prior year findings

SC 2020-1: General Unrestricted Fund Balance

Criteria: Utah Code 17-36-16.2" The maximum accumulated unappropriated surplus in the county general fund, as determined prior to adoption of the tentative budget, may not exceed an amount equal to 50% of the total revenues of the county general fund for the current fiscal period; and the estimated total revenues from property taxes for the current fiscal period."

Condition: Tooele County's unrestricted general fund balance exceeded both an amount equal to 50% of the total revenues of the general fund and an amount equal to the estimated total revenues from property taxes for the current fiscal period.

Status of finding: Finding appears to be addressed and corrected in current period
