MASTER PARTICIPATING AGREEMENT # 21-PA-11041908-049
BETWEEN
COUNTY OF TOOELE
AND THE
USDA, FOREST SERVICE
INTERMOUNTAIN REGION
UINTA-WASATCH-CACHE NATIONAL FOREST
SALT LAKE AND SPANISH FORK RANGER DISTRICTS

This Supplemental Project Agreement (SPA) is hereby made and entered into by and between the County of Tooele, hereinafter referred to as "County," and the USDA, Forest Service, Intermountain Region, Uinta-Wasatch-Cache National Forest, Salt Lake Ranger Districts, hereinafter referred to as the "U.S. Forest Service," as specified under the provisions of Master Participating Agreement #21-PA-11041908-049.

Title: Tooele County Noxious Weed Control/Contain 2023 - 2024

I. GENERAL PROJECT DESCRIPTION

This project will be a cooperative effort to control and contain the spread of noxious and invasive weeds through public awareness, prevention, early detection, rapid response (control and eradication of any new invading noxious and/or invasive weeds), inventory, mapping, treatment and monitoring of noxious and invasive weeds within Tooele, State of Utah, on National Forest System Lands of the Uinta-Wasatch-Cache National Forest, Salt Lake and Spanish Fork Ranger Districts, Stansbury and Sheeprock Mountain Ranges and on co-mingled or adjacent private lands.

Authority

This Supplemental Project Agreement, 23-PA-11041900-016, is entered into under the authority of the: Wyden Amendment, Section 323(a) of the Department of Interior and USDA, Forest Service OMB 0596-0217 FS-1500-16B Page 2 of 10 (Rev. 6-15) Related Agencies Appropriations Act, 1999, as included in Pub.L. 105-277, Div. A., Section 101 (e), as amended by Pub.L. 109-54, Sec. 434, and the Omnibus Public Land Management Act, Pub.L. 111-11, Sec. 3001.

Project Description

A cooperative County Area noxious and invasive weed treatment, inventory, and monitoring project, with emphasis on new invading and establishing weed species, specifically (but not limited to) the weed species in the table below:

Scientific Name	Common Name	
<i>Aegilops Cylindrica</i>	Jointed goatgrass	State Noxious: Class 3
<i>Alhagi maurorum</i>	Camelthorn	State Noxious: Class 1B
<i>Alliaria petiolate</i>	Garlic mustard	State Noxious: Class 1B
<i>Anchusa arvensis</i>	Small bugloss	State Noxious: Class 1A
<i>Arundo donax</i>	Giant reed	State Noxious: Class 1B
<i>Arctium minus</i>	Common burdock	Invasive
<i>Brassica elongate</i>	Elongated mustard	State Noxious: Class 1B
<i>Brassica tournefortii</i>	African Mustard	State Noxious: Class 1B
<i>Cardaria draba</i>	Whitetop/Hoary cress	State Noxious: Class 3
<i>Carduus nutans</i>	Musk thistle	State Noxious: Class 3
<i>Centaurea calcitrapa</i>	Purple starthistle	State Noxious: Class 1B
<i>Centaurea diffusa</i>	Diffuse knapweed	State Noxious: Class 2
<i>Centaurea maculosa</i>	Spotted knapweed	State Noxious: Class 2
<i>Centaurea melitensis</i>	Malta starthistle	State Noxious: Class 1A
<i>Centaurea repens</i>	Russian knapweed	State Noxious: Class 3
<i>Centaurea solstitialis</i>	Yellow starthistle	State Noxious: Class 2
<i>Centaurea virgata</i>	Squarrose knapweed	State Noxious: Class 2
<i>Chondrilla juncea</i>	Rush skeletonweed	State Noxious: Class 2
<i>Cirsium arvense</i>	Canada thistle	State Noxious: Class 3
<i>Cirsium vulgare</i>	Bull thistle	Invasive
<i>Conium maculatum</i>	Poison hemlock	State Noxious: Class 3
<i>Convolvulus arvensis</i>	Field bindweed	State Noxious: Class 3
<i>Cynodon dactylon</i>	Bermudagrass	State Noxious: Class 3
<i>Cynoglossum officinale</i>	Houndstongue	State Noxious: Class 3
<i>Cytisus scoparius</i>	Scotch broom	State Noxious: Class 4
<i>Echium Vulgare</i>	Viper's bugloss	State Noxious: Class 1B
<i>Elaeagnus angustifolia</i>	Russian olive	State Noxious: Class 4
<i>Elumus repens</i>	Quackgrass	State Noxious: Class 3
<i>Euphorbia esula</i>	Leafy spurge	State Noxious: Class 2
<i>Euphorbia myrsinites</i>	Myrtle/Blue spurge	State Noxious: Class 4
<i>Galega officinalis</i>	Goatsrue	State Noxious: Class 1B
<i>Hesperis matronalis</i>	Dame's rocket	State Noxious: Class 4
<i>Hyoscyamus niger</i>	Black henbane	State Noxious: Class 2
<i>Hypericum perforatum</i>	St. Johnswort	State Noxious: Class 1B
<i>Isatis tinctoria</i>	Dyer's woad	State Noxious: Class 2
<i>Lepidium latifolium</i>	Perennial pepperweed	State Noxious: Class 3
<i>Leucanthemum vulgare</i>	Oxeye daisy	State Noxious: Class 1B
<i>Linaria dalmatica</i>	Dalmation toadflax	State Noxious: Class 2
<i>Linaria vulgaris</i>	Yellow toadflax	State Noxious: Class 2
<i>Lythrum salicaria</i>	Purple loosestrife	State Noxious: Class 2
<i>Milium vernale</i>	Spring millet	State Noxious: Class 1A
<i>Onopordum acanthium</i>	Scotch thistle	State Noxious: Class 3
<i>Peganum harmala</i>	African rue	State Noxious: Class 1A
<i>Phragmites australis</i>	Phragmites/Common reed	State Noxious: Class 3

<i>Polygonum cuspidatum</i>	Japanese knotweed	State Noxious: Class 1B
<i>Salvia aethiops</i>	Mediterranean sage	State Noxious: Class 1A
<i>Scorzonera laciniata</i>	Cutleaf vipergrass	State Noxious: Class 1B
<i>Sorghum halepense</i>	Johnsongrass	State Noxious: Class 3
<i>Taeniatherum caput-medusae</i>	Medusahead	State Noxious: Class 2
<i>Potentilla recta</i>	Sulphur cinquefoil	Invasive
<i>Tamarix ramosissima</i>	Tamarisk/Saltcedar	State Noxious: Class 3
<i>Tribulus terrestris</i>	Puncturevine	State Noxious: Class 3
<i>Ventenata dubia</i>	Ventenata	State Noxious: Class 1A
<i>Verbascum Thapsus</i>	Common mullein	Invasive
<i>Verbascum virgatum</i>	Woolly mullein	Invasive
<i>Zygophyllum fabago</i>	Syrian beancaper	State Noxious: Class 1A

1: State Noxious, Utah Department of Agriculture and Food: <http://www.ag.utah.gov/plants-pests/37-plants-and-pests/599-noxious-weed-list.html>

Class 1A: Early Detection Rapid Response- not known to exist in Utah. Very high priority state noxious weeds.

Class 1B: Early Detection Rapid Response- known to exist in Utah. Very high priority state noxious weeds.

Class 2: Considered controllable. High priority state noxious weeds.

Class 3: Considered beyond control, control expansion and new populations.

Class 4: Prevent distribution through Seed Law.

Ongoing treatment, monitoring and/or inventory work of existing noxious weed infestations which are located within the County would continue for the species (but not limited to) shown in the table above, as funding and resources allow.

Project Goals and Objectives

This project is vital to successfully treating noxious and invasive weeds that threaten watersheds, recreational lands and trails, native plant diversity, soil productivity, and various types of wildlife habitat. This project will specifically target for treatment new invading noxious and invasive weed species which are located within the County - Species that require Early Detection Rapid Response, (EDRR). It will include monitoring of the areas and additional inventory work. The project will provide ongoing treatment, monitoring and/or inventory work for the projects listed above as well as for other existing infestations and/or newly located invading noxious and invasive weeds within the County, as resources allow. Continued trail and roadside treatments of noxious weed infestations will help to slow the spread of weeds into other areas.

This project supports Forest Plan direction, with treatment of noxious and invasive weeds being based upon highest priority weed locations, (first treatments would target new invading plant species), and also through the reestablishment of native plant species. Improvement of watersheds will be a direct result of this project which in turn should help improve community water supplies, recreational opportunities, and the general environment.

This project will also improve cooperative relationships, training and information needs, as well as improve Forest ecosystems by restoring and improving land and water quality. It also provides

an opportunity for public education and for public volunteers to participate in caring for the land surrounding their communities.

Reduction and/or elimination of noxious and invasive weeds according to Utah State Law will help to improve Forest ecosystem health, restore watershed health, be of benefit to surrounding communities, and the general public. Reduction of noxious and invasive species can improve the public's enjoyment of the outdoors. Control of these weeds can improve public comfort and safety, due to the nature of some of these invasive plants.

It is agreed that the benefits of controlling and containing the spread of noxious and invasive weeds in a coordinated manner, through increasing public awareness, prevention, early detection, rapid response (control and eradication of any new invading noxious and/or invasive weeds), inventory, mapping, treatment and monitoring in the entire County area (inclusive of all lands) for noxious weeds will have a direct benefit to the National Forest System lands, private lands, County lands, as well as other lands and the surrounding watersheds. By reducing the spread of noxious and invasive weeds, it will help improve watersheds, restore native plant communities, improve soils, improve critical big game winter range, and water quality. Completion of this project will be an economic benefit, both in the short term and long term, to all the parties involved as well as to the general public and should strengthen the desire for future cooperative efforts to occur.

In consideration of the above premises, the parties agree as follows:

II. RESPONSIBILITIES:

A. The County shall:

1. Collaborate with the U.S. Forest Service in the development and approval of the project plan and proposal under any SPAs in obtaining required Federal, State, and local permits for the project(s), such as NEPA; in project implementation requirements (including training and information needs) that are in accordance with the terms, conditions, and standards outlined in the project plan; in granting access permission to the U.S. Forest Service, etc.; in final review and approval; and in long term monitoring and maintenance of project(s) as needed.
2. Mix and use proper herbicides. Use herbicides as specified on the label. Herbicide use on all lands will be conducted by trained, certified personnel and/or under the supervision of certified individual(s) and in accordance with approved application techniques.
3. Use a garden hose and appropriate techniques to prevent chemical contamination of water source when filling spray rigs from campground water sources.
4. Take care to extend hose lines to treat the complete area of infestation and to avoid leaving a seed source in obscure or difficult areas. If hose lines will not reach backpack sprayers should be used.

5. Operate vehicles with care to obtain the most accessibility possible without damaging the soil or vegetation.
6. Prevent spraying of non-target species whenever possible. Tordon will not be used in areas that will leach to tree or shrub root systems or in areas where it may leach into water.
7. The County may issue a cleanup order if there is insufficient control effort by any landowner. If treatment is not completed as directed in the order, the County can provide treatment and bill the landowner for full costs.
8. Conduct safety meetings with crewmembers on a weekly basis or as needed.
9. Complete daily records including spatial reference for treatments on National Forest System lands. The County will give this information and shapefiles or maps for the areas they treat to the U.S. Forest Service representative.
10. Monitor and keep records on treatment progress and effectiveness. The County will provide this information and shapefiles or maps for the areas inventoried to the U.S. Forest Service representative as appropriate.
11. Inventory for noxious and invasive weeds, identifying and recording weed infestations. County will give this information and shapefiles or maps for the areas inventoried to the U.S. Forest Service representative as appropriate.
12. Work with U.S. Forest Service personnel on National Forest System lands as needed.

B. The U.S. Forest Service shall:

1. **PAYMENT/REIMBURSEMENT.** The U.S. Forest Service shall reimburse the County for the U.S. Forest Service's share of actual expenses incurred, **not to exceed \$18,000**, as shown in the Financial Plan. The U.S. Forest Service shall make payment upon receipt of the County's annual invoice. **Each invoice from the County shall display the total project costs for the billing period, separated by U.S. Forest Service and the County's share.** In-kind contributions must be displayed as a separate line item and must not be included in the total project costs available for reimbursement. The final invoice must display the County's full match towards the project, as shown in the financial plan, and be submitted no later than 90 days from the expiration date.

Each invoice must include, at a minimum:

1. The County's name, address, and telephone number.
2. U.S. Forest Service agreement number. 23PA11041900006.
3. Invoice date.
4. Performance dates of the work completed (start & end).

5. Total invoice amount for the billing period, separated by the U.S. Forest Service and County share with in-kind contributions displayed as a separate line item.
6. Display all costs, both cumulative and for the billing period, by separate cost element as shown on the financial plan.
7. Cumulative amount of the U.S. Forest Service payments to date.
8. Statement that the invoice is a request for payment by 'reimbursement'.
9. If using SF-270, a signature is required.
10. Invoice Number, if applicable.

The invoice shall be forwarded to:

2. **FUNDING OF EQUIPMENT AND SUPPLIES.** Federal funding under this agreement is not available for reimbursement of the county's purchase of equipment. Equipment is defined as having a fair market value of \$5,000.00 or more per unit and a useful life of over one year. Supplies are not equipment.
3. **TEXT MESSAGING WHILE DRIVING.** In accordance with Executive Order (EO) 13513, "Federal Leadership on Reducing Text Messaging While Driving," any and all text messaging by Federal employees is banned: a) while driving a government owned vehicle (GOV) or driving a privately owned vehicle (POV) while on official Government business; or b) using any electronic equipment supplied by the Government when driving any vehicle at any time. All Cooperatives, their Employees, Volunteers, and Contractors are encouraged to adopt and enforce policies that ban text messaging when driving company owned, leased or rented vehicles, POVs or GOVs when driving while on official Government business or when performing any work for or on behalf of the Government.

III. CONTACTS & TIME LIMITS:

- A. PRINCIPAL CONTACTS. Individuals listed below are authorized to act in their respective areas for matters related to this agreement.

Principal Cooperator Contacts:

<u>Cooperator Project Contact</u>	<u>Cooperator Financial Contact</u>
Jerry Caldwell Tooele County Weed Supervisor Tooele County 2855 South State Provo, Utah 84606 Telephone: (801) 851-8638 FAX: (435) 833-9675 Email: jrcaldwell@tooeleco.org	Alison McCoy Tooele County Auditor Tooele County 47 South Main Street, Room #204 Tooele, Utah 84074 Telephone: (435) 843-3311 FAX: (435) 843-3309 Email: amccov@tooeleco.org

Principal U.S. Forest Service Contacts:

<u>U.S. Forest Service Program Manager Contact</u>	<u>U.S. Forest Service Administrative Contact</u>
Linda Appel Rangeland Management Specialist U.S. Forest Service Uinta-Wasatch-Cache National Forest Spanish Fork Ranger District 44 West 400 North Spanish Fork, Utah 84660 Telephone: (801) 794-6767 FAX: (801) 798-3050 Email: linda.appel@usda.gov	Robert Butler Grants Management Specialist U.S. Forest Service 324 25th Street Ogden, Utah 84401 Email: robert.butler@usda.gov

- B. COMMENCEMENT/EXPIRATION DATE. This agreement is executed as of the date of the last signature and is effective through December 31, 2024, at which time it will expire. The expiration date is the final date for completion of all work activities under this agreement.
- C. SYSTEM FOR AWARD MANAGEMENT REGISTRATION REQUIREMENT (SAM). County shall maintain current information in the System for Award Management (SAM) until receipt of final payment. This requires review and update to the information at least annually after the initial registration, and more frequently if required by changes in information or agreement term(s). For purposes of this

agreement, System for Award Management (SAM) means the Federal repository into which an entity must provide information required for the conduct of business as a Cooperative. Additional information about registration procedures may be found at the SAM Internet site at www.sam.gov.

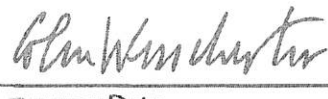

- D. AVAILABILITY FOR CONSULTATION. Both parties will make themselves available at mutually agreeable times, for continuing consultation to discuss the conditions covered by this agreement and agree to actions essential to fulfill its purposes.

IV. APPROVAL

- A. AUTHORIZED REPRESENTATIVES. By signature below, each party certifies that the individuals listed in this document as representatives of the individual parties are authorized to act in their respective areas for matters related to this agreement. In witness whereof, the parties hereto have executed this agreement as of the last date written below.

Burden Statement

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0217. The time required to complete this information collection is estimated to average 4 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call toll free (866) 632-9992 (voice). TDD users can contact USDA through local relay or the Federal relay at (800) 877-8339 (TDD) or (866) 377-8642 (relay voice). USDA is an equal opportunity provider and employer.
